**Clinical Obstetrics and Gynaecology** By Isabel Stabile, Tim Chard, Gedis Grudzinskas

A quick reference to all the important facts in the clinical sciences for candidates aiming at a postgraduate qualification in obstetrics and gynaecology, including those candidates studying for the MRCOG Part II examination. The text has been revised and updated, but the concise style and comprehensive coverage of all the essential aspects are retained. Written by a highly expert team of authors, this will be an invaluable reference for students and equally of value to clinicians as a brief guide.
