### The Money Queen's Guide: For Women Who Want to Build Wealth and Banish Fear By Cary Carbonaro

Are you a material girl? The truth is that, as women, we all have a unique relationship with money. We strive for financial security to support our family, ensure we can retire comfortably, create independence separate from our partners, and along the way, buy some nice purses. As much as we are motivated to make money, we often do not consider the crucial relationship between what we do today and how it WILL impact our life tomorrow.

From your Roaring 20's, to your Thrifty 30's, and all the way to your (hopefully) Smooth 60's, Money Queen Lady will work to guide you through each of these financial decades and provide insight and detailed guidance into the steps you can take, and the decision you should make to build a financially responsible future. Financial security is an exciting journey we can take together. So pack your purse and get ready for the ride . . .

#### From the Author

The most common question I get is why did you write this book. After 25 years of experience, I wanted to reach more women. I want to help them to make better decisions surrounding money. Financial literacy is weak for women and men. I also want to arm women with knowledge which is power to help themselves. I want them to be able to stand on their own feet and never become a victim. My mission in my lifetime is to help and protect women. It is who I am and what I stand for. I also wanted it to be fun from a girlfriends point of view! I hope this changes women's lives.
