The Dollhouse Murders By Betty Ren Wright

Amy is terrified. She hears scratching and scurrying noises coming from the dollhouse, and the dolls she was playing with are not where she left them. Dolls can't move by themselves, she tells herself. But every night when Amy goes into the attic to check on the dollhouse, it is filled with an eerie light and the dolls have moved again! Are the dolls trying to tell her something? Are their movements connected to the grisly murders of her own great-grandparents? In a spine-chilling climax, Amy and her sister unravel the secrets of the petrifying dollhouse murders.

Editorial Review

From Publishers Weekly

Wright's taut, suspenseful novel proves a solid choice to kick off the Live Oak Mysteries audio series. The attic is always a great place to look for nuggets of one's family history, but when 12-year-old Amy explores her great-grandparents' attic, she uncovers clues to a chilling family secret. As Amy and her Aunt Claire sift through clothes, trinkets and other memorabilia, Amy comes across Aunt Claire's long-forgotten dollhouse, a finely crafted replica of the house they are in. Aunt Claire seems unusually distressed about the dollhouse and Amy is determined to find out why. The real fun begins when Amy learns that the dolls in the dollhouse move of their own will and that they seem to be trying to tell her something. After a little sleuthing at the local library, Amy learns that her great-grandparents were murdered years ago and that Aunt Claire's fiancé (who died in a car accident that same night) was the prime suspect in the unsolved case. Before long, Amy unravels the mystery, helping Aunt Claire to resolve her feelings about the past. A subplot about Amy's relationships with her parents, younger sister and best friend adds depth and warmth to this crisply paced tale. Stewart handles the narration with aplomb, using her voice to give listeners a hint of each character's personality. Her portrayal of Aunt Claire, who delivers a few chillingly snappish retorts to Amy, is particularly strong. Ages 8-up. (Mar.)

From School Library Journal

Grade 4-6-This scary mystery by Betty Ren Wright (Holiday, 1983) is sure to keep the interest of students, mainly girls. Narrator Carol Jordan Stewart does an excellent job. Her diction, pacing, and characterization are well-done. Twelve-year-old Amy is having difficulties at home being responsible for her brain-damaged sister, Louann. While visiting her Aunt Clare at the old family home, she discovers an eerily-haunted dollhouse in the attic-an exact replica of the family home. Whenever she sees it, the dolls, representing her relatives, have moved. Her aunt won't listen to Amy's claims that the dolls are trying to tell her something. This leads Amy to research old news reports where she discovers a family secret-the murder of her grandparents. The two sisters unravel the mystery. Amy grows to accept her sister and to understand that Louann is more capable than she had first thought. This audiobook would be an excellent choice for schools and public libraries.
