The Ecology of Finnegans Wake (Florida James Joyce) By Alison Lacivita

“A remarkable work in three areas: the field of ecocriticism, to which it contributes a huge amount of historical and bibliographic information; the practice of genetic criticism in Joyce studies; and the exploration of ecological interests, themes, allusions, arguments, and manifestations in *Finnegans Wake*.”—Margot Norris, editor of the Norton Critical Edition of Joyce's *Dubliners*

“A terrifically useful study. Makes the text shimmer with new possibilities by alerting the reader to Joyce’s interest in hydro-engineering, green belts, meteorology, polar exploration, and much more.”—Cheryl Temple Herr, author of *Critical Regionalism and Cultural Studies*

“Demonstrates the promise of an ‘urban ecological criticism’ that integrates the largely pastoral emphases of ecocritical inquiry into modernist studies.”—Thomas Jackson Rice, author of *Cannibal Joyce*

In this book—one of the first ecocritical explorations of both Irish literature and modernism—Alison Lacivita defies the popular view of James Joyce as a thoroughly urban writer by bringing to light his consistent engagement with nature. Using genetic criticism to investigate Joyce’s source texts, notebooks, and proofs, Lacivita shows how Joyce developed ecological themes in *Finnegans Wake* over successive drafts.

Making apparent a love of growing things and a lively connection with the natural world across his texts, Lacivita’s approach reveals Joyce’s keen attention to the Irish landscape, meteorology, urban planning, Dublin’s ecology, the exploitation of nature, and fertility and reproduction. Lacivita unearths a vital quality of Joyce’s work that has largely gone undetected, decisively aligning ecocriticism with both modernism and Irish studies.

Editorial Review

Review

“The range of topics addressed in *The Ecology of Finnegans Wake* is expansive: polar exploration, meteorology, climatology, urban and suburban planning, water management, conservation biology. Lacivita takes great care to locate these discourses within the cultural and intellectual history of the time—among the many advantages of her genetic approach is its insistence on rigorous historicism—but it is no accident that so many of these topics are of crucial relevance today....It is not only among the strongest monographs of Joyce scholarship in recent memory, but it is also one of the most innovative works of contemporary ecocriticism.”—*ISLE: Interdisciplinary Studies in Literature and Environment*

About the Author

Alison Lacivita is lecturer in English at University of Colorado Denver.

Users Review

From reader reviews:

Terra Runyan:

Within other case, little persons like to read book *The Ecology of Finnegans Wake* (Florida James Joyce). You can choose the best book if you'd prefer reading a book. Providing we know about how is important a book *The Ecology of Finnegans Wake* (Florida James Joyce). You can add expertise and of course you can around the world by a book. Absolutely right, mainly because from book you can understand everything! From your country right up until foreign or abroad you will end up known. About simple point until wonderful thing you are able to know that. In this era, we can open a book or maybe searching by internet product. It is called e-book. You can use it when you feel fed up to go to the library. Let's go through.

Clarence Bowen:

The book untitled *The Ecology of Finnegans Wake* (Florida James Joyce) contain a lot of information on it. The writer explains the girl idea with easy way. The language is very simple to implement all the people, so do not worry, you can easy to read it. The book was compiled by famous author. The author provides you in the new era of literary works. Jeffrey Chambers:

As we know that book is significant thing to add our knowledge for everything. By a guide we can know everything we really wish for. A book is a group of written, printed, illustrated as well as blank sheet. Every year has been exactly added. This e-book *The Ecology of Finnegans Wake* (Florida James Joyce) was filled

concerning science. Spend your spare time to add your knowledge about your scientific research competence. Some people has distinct feel when they reading some sort of book. If you know how big benefit of a book, you can truly feel enjoy to read a publication. In the modern era like at this point, many ways to get book that you wanted.

Dianne Haire:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's internal or real their passion. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Ecology of Finnegans Wake (Florida James Joyce) can make you truly feel more interested to read.
