101 Mississippi Delta Blues Fingerpicking Licks By Larry McCabe

This book/CD set examines four and eight-beat blues licks which may be played within typical chord patterns in the most commonly used blues keys. Written for fingerstyle guitar, complete with pima fingering for the classically trained guitarist, the licks vary in difficulty but all lie within the capability of the beginning to intermediate player. The coarse primitive quality of fingerpicking blues is captured in these 101 licks, harkening back to the roots of blues- the work songs, field hollers, and spirituals of the rural South. Although rooted in the acoustic tradition of the Delta area of northwestern Mississippi, these licks can be played on any six- string guitar in standard tuning. Veteran Mel Bay author Larry McCabe also provides an introduction to the blues, an extensive guide to symbols used in guitar music in standard notation and tab, ten licks that may be used as introductions or turnarounds and a recommended discography for further listening. The accompanying CD includes 99 musical examples to help capture the authentic feel of the music.

Editorial Review

About the Author

Larry McCabe was born in Kansas City, Missouri. He studied music with a number of teachers including Eldon Shamblin, legendary swing guitarist and arranger for Bob Wills. Deciding on freelance teaching as a music career, Larry received his degree in education from the University of Arizona in 1979. Since graduating from college, Larry has taught over 30,000 private music lessons. An experienced blues guitarist, he played in the Gulf Coast Blues Band, wrote a Living Blues magazine column called "Blues Box," and is currently on the nominating committee for the annual W. C Handy awards. Larry's vast experience in private teaching has given him a unique understanding of the educational needs of the typical music student. Beginning with Blues, Boogie and Rock Guitar in 1984, he has written a number of Mel Bay books on various subjects including guitar, bass, and song writing techniques.

Users Review
