## **Editorial Review**

### Review

"This is a superbly constructed textbook written by an experienced teacher for the benefits of beginning learners of Vietnamese...Professor Ngo is to be congratulated on his outstanding achievement; he has indeed produced a powerful tool in the area of learning resources for Southeast Asian languages." —**Nguyen Dinh-Hoa, Professor Emeritus of Linguistics and Foreign Languages, Southern Illinois University at Carbondale**

"...It comes with a mp3 CD, which is super important because Vietnamese is a tonal language and the tones can be subtle to untrained ears." —***I'm Not the Nanny* blog**

"While these particular Tuttle textbooks are suitable for, and typically used in, classroom settings, including in some of the best universities in North America, they can also serve as an excellent out-of-class reference tool and can very well complement formal language classes or other study materials for the self-learner. From my experience, this series should appeal to a broad range of people, including individuals working on their own, professional people working with a tutor, or students in a classroom setting. I have personally used the Tuttle Elementary and Continuing textbooks both as part of university classes and on my own, and I have been very satisfied with them." —***Lingholic* blog**
