Honeymoon Husband By Shirley Marks

Hannah Roberts is always a bridesmaid and never a bride, until the day she wins an all-expenses-paid Hawaiian honeymoon. The free trip convinces her reluctant fiancé to take the plunge, but he abandons her during a layover, and Hannah arrives on Maui single and alone.

Strangely relieved by this turn of events, she tries unsuccessfully to break the news to the contest organizers, who expect to feature the happy newlyweds in a story and full color photos in the next issue of their magazine.

In the meantime, Hannah encounters astronomer Jeremy Gordon one romantic island evening and love blossoms in the balmy paradise. When Jeremy discovers Hannah is staying in the honeymoon suite, he assumes she's married and his universe is turned upside down. Hannah seems destined to be alone, but perhaps her happiness with Jeremy written in the stars.

Editorial Review

From Publishers Weekly

Blue-eyed blonde naïf Hannah Roberts can't believe her luck when she wins a Hawaiian wedding trip. She also can't believe it when Earl, her fiancé of five years, abandons her on the journey from Kansas to Maui. Things look up when she meets kindhearted astronomer Jeremy Gordon, but will he follow the comet he's just discovered or the stars in Hannah's eyes? What happens next isn't hard to predict, and when Earl makes his obligatory late, brief return, he's so dopey it's hard to imagine why Hannah was heartbroken about losing him in the first place. Eschewing any displays of affection beyond hand-holding and mild smooching, Marks (*Geek to Chic*) offers a wholesome, slim sophomore effort that readers of chaste romances will relish. (Oct.)
