Memorizing Pharmacology: A Relaxed Approach By Tony Guerra

As a working parent of four-year-old triplet daughters, I understand time management presents one of the greatest barriers to my pharmacology students' success. Many students feel that cold sense of overwhelm and information overload.

This easy-to-listen guide organizes pharmacology into manageable, logical steps you can fit in short pockets of time. The proven system helps you memorize medications quickly and form immediate connections. With mnemonics from students and instructors, you'll see how both sides approach learning.

After you've finished the 200 Top Drugs in this book, reading pharmacology exam questions will seem like reading plain English. You'll have a new understanding of pharmacology to do better in class, clinical and your board exam. You'll feel the confidence you'd hoped for as a future health professional. For patients and caregivers, this book provides a means to memorize your own medications to better communicate with your health providers.

Editorial Review

Users Review

From reader reviews:

Angela Dreiling:

What do you in relation to book? It is not important together with you? Or just adding material when you need something to explain what your own problem? How about your free time? Or are you busy man or woman? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everyone has many questions above. They need to answer that question due to the fact just their can do which. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this specific Memorizing Pharmacology: A Relaxed Approach to read.

Otis Kozlowski:

Exactly why? Because this Memorizing Pharmacology: A Relaxed Approach is an unordinary book that the inside of the publication waiting for you to snap that but latter it will jolt you with the secret this inside. Reading this book next to it was fantastic author who all write the book in such remarkable way makes the content on the inside easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of benefits than the other book have got such as help improving your proficiency and your critical thinking approach. So , still want to delay having that book? If I had been you I will go to the publication store hurriedly.

Jenni Roberts:

This Memorizing Pharmacology: A Relaxed Approach is great publication for you because the content that is certainly full of information for you who all always deal with world and get to make decision every minute. That book reveal it data accurately using great coordinate word or we can declare no rambling sentences inside. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but challenging core information with beautiful delivering sentences. Having Memorizing Pharmacology: A Relaxed Approach in your hand like finding the world in your arm, info in it is not ridiculous a single. We can say that no e-book that offer you world within ten or fifteen moment right but this guide already do that. So , this really is good reading book. Hey there Mr. and Mrs. busy do you still doubt that will?

Randy Mosley:

Publication is one of source of expertise. We can add our understanding from it. Not only for students but

also native or citizen need book to know the up-date information of year to help year. As we know those ebooks have many advantages. Beside we add our knowledge, can also bring us to around the world. By the book Memorizing Pharmacology: A Relaxed Approach we can take more advantage. Don't one to be creative people? To get creative person must want to read a book. Just choose the best book that ideal with your aim. Don't end up being doubt to change your life with that book Memorizing Pharmacology: A Relaxed Approach. You can more desirable than now.
