National Geographic Yosemite National Park Road Guide: Road Maps with Side-by-Side Commentary; Orientation Maps and Keys; Camping, Wildlife, Geology, Side Trips (National Geographic Road Guides) By Jeremy Schmidt, Thomas Schmidt

In 2004, Yosemite National Park attracted 3.3 million visitors, and this new addition to our series of guides designed especially for motorists will help them get the most out of their time in this stunning corner of America. National Geographic has been covering the parks and creating definitive maps for more than a century, a proud tradition that here yields a distinctive, uniquely user-friendly approach to touring Yosemite by car or shuttle bus.

Organized with the driver's convenience in mind, these detailed, large-scale topographic maps trace major roads one by one from beginning to end over several pages. Descriptive text runs alongside the corresponding map segment, eliminating the need to flip back and forth to learn where you are and what you're looking at. Once you've located your starting point, you can follow the road with confidence, with each point of interest detailed in a steady progression, letting you focus on the information about the geological, environmental, and human history around you.

Highlights include spots to watch for wildlife such as black bear and bighorn sheep; dramatic views and geologic formations; sites of historical importance; and places to look for distinctive wildflowers and other plants. In addition, each map displays visitors centers, ranger stations, hiking trails, aid stations, and more, as well as locations for camping, boating, and fishing.

Simple in concept but extremely effective in use, this is an inexpensive, innovative, and information-packed answer to accessing Yosemite's splendor.

COPY: A new guide in the critically acclaimed National Geographic Traveler series takes readers to one of the fastest growing tourist destinations in the United States: Alaska.

A vast landscape of breathtaking beauty, natural wonder, and rich cultural history, Alaska is as unspoiled as it is unforgettable, and every year more visitors are discovering its unlimited vacation potential. It's the kind of place that's been a National Geographic specialty for over a century, so it is no surprise that this superbly illustrated guidebook, encompassing both natural history and the human presence from ancient native cultures to modern pioneers, is the last word on America's last frontier. The guide covers Southeast Alaska's Inside Passage; Anchorage; the Kenai Peninsula; the Southwest; Prince William Sound and Wrangell-St. Elias National Park; Denali National Park and the interior; and the spectacular Bush.

Beautiful photographs and detailed maps deliver the visual impact that has become National Geographic's hallmark, and the fact-packed Travelwise sections provide all the essentials of getting to and finding your way around Alaska.

COPY: A new guide in the critically acclaimed National Geographic Traveler series takes readers to Madrid, Spain's vibrant capital and one of Europe's most visited cities.

Madrid buzzes with energy—from magnificent museums to lively art and music venues to sophisticated restaurants and bars—and there's no better way to discover this imperial capital than with this top-notch guide. You'll be taken to all the "must-see" attractions including the Museo del Prado and its masterpieces of European art; Las Ventas, the mecca of bullfighting; and the Royal Palace. But you'll also discover hidden gems, including Goya's tomb and the Rastro flea market.

Beginning in Madrid's historic, bustling Plaza Major and working its way outward, the book explores the

city's many architectural and cultural treasures. Beautiful photographs and detailed maps deliver the visual impact that has become National Geographic's hallmark, and the fact-packed Travelwise sections provide all the essentials of getting to and finding your way around Madrid.

COPY: *Freedom Riders* compares and contrasts the childhoods of John Lewis, growing up in black America, and Jim Zwerg, growing up in white America, in a way that helps young readers understand the segregated experience of our nation's past. It shows how a common interest in justice created the convergent path that enabled these young men to meet as Freedom Riders on a bus journey south.

No other book on the Freedom Riders has used such a personal perspective. These two young men, empowered by their successes in the Nashville student movement, were among those who volunteered to continue the Freedom Rides after violence in Anniston, Alabama, had left the original bus in flames with the riders injured and in retreat. Lewis and Zwerg joined the cause knowing their own fate could be equally harsh, if not worse.

The historic journey they shared as Freedom Riders through the Deep South changed not only their own lives but our nation's history.

AUTHOR BIO(S): Ann Bausum lives in Beloit, WI. Her most recent book for National Geographic, *With Courage & Cloth: Winning the Fight for a Woman's Right to Vote*, was given the 2005 Jane Addams Award, among many other honors.

Users Review

From reader reviews:

Thomas Rasmussen:
