#### The Prologue

The creaks were loud every time she made a movement lying on the cot. She was cold. The little cotton brown blanket wasn't enough to warm her up. The little small pink TV was on but she looked towards the ceiling. A white envelope slid underneath the cell door and there was a knock. The woman got out of the cot, turned the TV off and picked up the envelope. She sat back down on the cot. She gently caressed her stomach and opened the envelope. It was a letter. She unfolded it and began reading the letter. Tears fell onto the paper as she skimmed through it reading the harsh words. As she continued reading she could hardly compose herself. "This is my first and last time writing you. I am sending this letter from my job so you won't know where I live at.

I want you to stop writing me. I have taken another job as you can see. Stop sending fucking mail to my other job. I don't want you to continue to keep writing me, because they are sending me letters from there to here. You are going to fuck me up while I am pretty much just getting here. I let you go for a fucking reason. I love my family. You are trying to mess my family up and it won't work. You are a fuckin' slut! I love my wife and you need to know that. There is nothing you can do to make me yours. It is over. We are not together anymore. Hell, to me, we never were. You have to walk away from this.

What we had yeah it was special but now it is over. Goddamn it. I wasn't happy with you. I love my family. You have to accept it and move on.

You are where you are for a reason and you had no reason to attack her. For God's sake she is pregnant with my child. It is over.

What we had yeah it was special but now it is over. Goddamn it. I wasn't happy with you. I love my family. You have to accept it and move on.

You are where you are for a reason and you had no reason to attack her. For God's sake she is pregnant with my child. It is over.

Okay, I don't love you and you will never see me again. It is over. You will be there for a long time because I will make sure my attorney keeps you there. Good-bye bitch!!!! Don't write me back. If you do I will find some type of way to sue you for harassing me. Bitch!"

More tears fell down as she held her forehead. She wished she could repeat that day of violence and not have

committed the crime she did.

She crumbled the letter throwing it with force on the floor. She began reading another letter she finished writing him. She didn't care about what he was saying, because she was going to send it to his new job. She loved him and had to let him know exactly how she felt.

"I can sit here and act like I don't miss you. I can act like I don't think about you. I think about you from time to time because of the memories we had. I have been here for five months now which seems like ten years. Remember the great sex we had. Don't you remember smiling with me? You were the only air I inhaled. The only man I knew. I wanted to spend the rest of my life with you. I wanted you here in my life with me forever but when you told me it's not going to work it hurt me. I was damn near destroyed.

How could I go on? Everything we had together how could you leave me just like that? You didn't even want to talk about it. Wishing I could rewind history or move myself to where you are now just so we could always be together. You made me change into the wonderful woman I am today and I thank you for that.

What happened to us having faith in one another?

What happened to us praying for one another? I sit here as tears come to my eyes on this paper. I can just remember your smile. When I see you smile my whole world lights up. It's hard to let you go because I still love you. I know you came into my life for a reason and it was to change me. You did that. You loved me. You gave me what a man will never give me and that is love.

So I thank you. I wish I could hear your voice one more time. I wish I could hug you that would be heaven to me right now, but all I get is these memories and these disrespectful letters saying "fuck you! You think you are going to enjoy your life and not love me? That bitch who has your heart will never have it like I have it. You are a piece of shit! Do you know that?! Trapped in these four walls being punished for loving you and protecting what is mine. Fuck you Brandon!

Depression, starvation, sleepless nights, stressed out, and lies staying with you. You know what I was weak being with you; I can admit that because all I knew was you. I didn't give a fuck about other men but you. That's it but you repeatedly messed us up.

My love is strong, precious, and only a real man deserves it. Obviously that wasn't you. What you did to me a couple months ago was unforgivable. You embarrassed me but you know what I am going to use this time and make myself a better woman.

Just being here is the first step then talking to God and getting to know him better and then finally that will heal my heart. I know you are not mad because I won't leave you alone. Your ass is mad as hell at what I told you. I know my future is ready to treat me right. Brandon, just wait until I get out. Fuck you....you piece of shit!".....

She rubbed her stomach gently and folded the letter to be sent off.
