Best Practice in the Early Years (Professional Development) By Alistair Bryce-Clegg

This book contains lots of easy-to-introduce activities and techniques that will move your practice towards that outstanding level! Not just when being observed, but all the time. The author, Alistair Bryce-Clegg is known for his original and creative ideas and witty and accessible writing style, and this book does not disappoint! It is filled with brilliant ideas covering everything you need to know as an early years practitioner, including advice for planning sessions, setting up an outstanding environment and encouraging outdoor learning activities. There is also a big focus on child-led learning and help and advice for working with parents.

This book is a must for all early years practitioners and early years school teachers eager to ensure their practice is the best it can be for all of the children in their care.

Editorial Review

About the Author

Alistair was head teacher of a very successful three-form entry infant school and Early Years Unit for 10 years. Alongside his headship he worked an EYFS consultant working with a diverse range of settings to help them to enhance their EYFS practice. In 2009 Alistair left headship and went into full time consultancy. He is now the proud owner of ABC Does. Alistair's experience and expertise has meant that he has been invited to work with individuals, settings and Local Authorities both Nationally and Internationally. He has written on the subject of EYFS for a wide variety of publications. Alistair's work with settings is based on leading by example and not just 'telling'. In September 2010 he set up a blog where he posts examples of the work that he does alongside activity ideas, planning formats and policies. The blog is constantly updated with new ideas and initiatives. You can find out more at: abcdoes.com

Users Review

From reader reviews:

Lee Flynn:

Book is to be different for every single grade. Book for children till adult are different content. We all know that that book is very important for us. The book Best Practice in the Early Years (Professional Development) has been making you to know about other information and of course you can take more information. It doesn't matter what advantages for you. The book Best Practice in the Early Years (Professional Development) is not only giving you much more new information but also for being your friend when you sense bored. You can spend your current spend time to read your book. Try to make relationship with all the book Best Practice in the Early Years (Professional Development). You never sense lose out for everything when you read some books.

Peggy Mitchum:

Playing with family in a very park, coming to see the coastal world or hanging out with friends is thing that usually you might have done when you have spare time, in that case why you don't try factor that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Best Practice in the Early Years (Professional Development), you could enjoy both. It is fine combination right, you still need to miss it? What kind of hang type is it? Oh occur its mind hangout fellas. What? Still don't get it, oh come on its known as reading friends.

Mary Haskell:

Are you kind of busy person, only have 10 or even 15 minute in your time to upgrading your mind talent or thinking skill also analytical thinking? Then you have problem with the book in comparison with can satisfy your short time to read it because all this time you only find guide that need more time to be study. Best

Practice in the Early Years (Professional Development) can be your answer given it can be read by a person who have those short spare time problems.

Ella Carlson:

A lot of book has printed but it differs. You can get it by online on social media. You can choose the most beneficial book for you, science, amusing, novel, or whatever by searching from it. It is known as of book Best Practice in the Early Years (Professional Development). You can add your knowledge by it. Without making the printed book, it can add your knowledge and make an individual happier to read. It is most crucial that, you must aware about e-book. It can bring you from one location to other place.
