Editorial Review

Review

'Explains the background of the organic view of agriculture and environment. Surely the best introduction available.' -- Scientific and Medical Network Review, Winter 2003 'Taking an international view, Biodynamic Agriculture guides its readers from the first stages of considering this kind of farming right through to the sale of produce and the therapeutic effects of this kind of agriculture.' The Environmentalist Magazine, November 2008

About the Author

Willy Schilthuis was president of the Dutch Biodynamic Association for 25 years. She has written several books on biodynamics.

Users Review

From reader reviews:

Jennifer Burritt:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to understand everything in the world. Each e-book has different aim as well as goal; it means that guide has different type. Some people sense enjoy to spend their a chance to read a book. They are reading whatever they have because their hobby is reading a book. How about the person who don't like looking at a book? Sometime, man feel need book once they found difficult problem or perhaps exercise. Well, probably you'll have this Biodynamic Agriculture.

Derek Morton:

Many people spending their time by playing outside using friends, fun activity using family or just watching TV all day long. You can have new activity to shell out your whole day by looking at a book. Ugh, you think reading a book will surely hard because you have to use the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Smart phone. Like Biodynamic Agriculture which is having the e-book version. So , why not try out this book? Let's find.

Claudine Currie:
