Editorial Review

About the Author

Samuel Sagan M.D. is the author of 15 books, including a manual entitled A Language to Map Consciousness that describes a detailed terminology for experiences and spaces of consciousness. His nonfiction books cover topics including regression therapy, entities or energetic parasites, planetary forces and awakening the third eye. He has also authored a number of fictional novels and stories, notably the spiritual tetralogy - Atlantean Secrets.

Born in Paris, France, Sagan started practicing meditation during his teens. This led to studying medicine at Paris Faculty of Medicine and Sanskrit at Censier Sorbonne Nouvelle University. He holds a Doctorate of Medicine on the topic of chakras and subtle bodies and degrees in acupuncture and homeopathy. In 1983 he stopped all activities to practice full-time meditation for 5 years.

Feeling the need to establish a center where genuine seekers could receive real training in meditation he founded the Clairvision School in Sydney, Australia. Determined to provide people with tangible and immediate results, he developed techniques to systematize experiences of consciousness - techniques that really work!
