Editorial Review

Language Notes

Text: English, Hebrew

From the Publisher

David Godwin's third revised and expanded edition of *Godwin's Cabalistic Encyclopedia* should be part of every magician's library.

The study and comparison of the numerical value of words to discover occult correspondences is a form of Cabalistic numerology known as Gematria. *Godwin's Cabalistic Encyclopedia* contains the enumeration for hundreds of words, saving you many hours of work.

Each entry explains a word and its Cabalistic numerical value. For example, *Naher* is Hebrew for river and has a numerological value of 255. You'll also learn about the four rivers of Eden, including their names, their associated element, their corresponding letter of the Tetragrammaton, and their enumeration.

Godwin's Cabalistic Encyclopedia also includes comparisons of numerological systems, variations of the Tree of Life, an introduction explaining the basics of the Cabala, and the complete text of Aleister Crowley's *Sepher Sephiroth*.

This book is an invaluable resource for anyone studying this cornerstone of Western esoteric wisdom.
