Her father the alpha has decided that Jackson will mate with Summer's sister Autumn but a worse match was never made as far as Summer is concerned. He has also decided that Summer will make for good bait to draw in another pack as an alliance. She cannot stay and watch her sister and Jackson mate and she refuses to give up her happiness for the good of the pack. Summer sets out on her own to find her own life and a mate for herself. She stumbles into a new territory and a new pack that needs an alpha. Jackson is alpha, but should she call him and give up her location and possibly her freedom? Can she live with him so close but oh so far again? If only he felt the same way about her.
