The Golden Apple of Discord (The Discord Trilogy) By Lauren Hodge

Taralie Severin and her three sisters are a powerful coven of modern-day witches who banish mythical creatures in between classes and shifts at the police station. But when Taralie is kidnapped by vampires and converted into the undead, her sisters are ordered to execute her for crimes against the Milunfran order. Refusing, the sisters become fugitives from both their kind and vampires alike. Ignorant and hunted, Taralie becomes entangled with unlikely allies, a band of vampires in hiding from the ruling vamperic government. With this new addition to their coven Taralie must balance duty with desire while learning not everything is as it seems, their enemies are worse than she knows, and she could be on the verge of ending a thousand-year-old civil war.
