The Netter Collection of Medical Illustrations - Nervous System Package: 2-Volume Set, 2e (Netter Green Book Collection) By H. Royden Jones Jr. Jr., Ted Burns

The Netter Collection of Medical Illustrations: Nervous System, 2nd Edition provides a **highly visual guide** to the brain, spinal cord, and peripheral motor and sensory systems. These two spectacularly illustrated volumes in the masterwork known as the (CIBA) Netter "Green Books" have been expanded and revised by Drs. H. Royden Jones, Jr., Ted M. Burns, Michael J. Aminoff, and Scott L. Pomeroy to mirror the many exciting advances in medicine and imaging - offering **rich insights** into neuroanatomy, neurophysiology, and the broad clinical spectrum of neurological diseases and disorders.

- **Get complete, integrated visual guidance on the nervous system** with thorough, richly illustrated coverage of neuroanatomy and physiology.
- **Quickly understand complex topics** thanks to a concise text-atlas format that provides a context bridge between primary and specialized medicine.
- **Clearly visualize** how core concepts of anatomy, physiology, and other basic sciences correlate across disciplines.
- **Benefit from matchless Netter illustrations** that offer precision, clarity, detail and realism as they provide a visual approach to the clinical presentation and care of the patient.
- **Gain a rich clinical view of all aspects of the brain, spinal cord, and peripheral motor and sensory systems** in one comprehensive source, conveyed through beautiful anatomic illustrations as well as up-to-date radiologic images.
- **Clearly see the connection between basic science and clinical practice** with an integrated overview of normal structure and function as it relates to pathologic conditions.
- **Grasp current clinical concepts** regarding development, pediatrics, and adult medicine captured in classic Netter illustrations, as well as new illustrations created specifically for these volumes by artist-physician Carlos Machado, MD, and others working in the Netter style.

Editorial Review

Review

"The quality of this edition is superb. The authors have stayed true to the classic Netter style and the illustrations demonstrate key concepts with a remarkably elegant simplicity. The book is at the same time thorough, concise, and comprehensive. Given the significant technological, diagnostic, and therapeutic advances over the last 30 years, this update is certainly justified. I'm convinced that it will prove to be a valuable resource for both trainees and practitioners."-Kristin Scott, MD(Mayo Clinic Florida) **Doody**

Review: 5 stars

About the Author

Dr. H. Royden Jones was Chair of the Department of Neurology at Lahey Hospital and Medical Center, Burlington, Massachusetts; Director of the Electromyography Laboratory at Boston Children's Hospital; and Clinical Professor of Neurology at Harvard Medical School. Dr. Jones completed residencies in Internal Medicine and Neurology and a fellowship in neurological physiology at the Mayo Clinic. He served over 3 years in the United States Army as Chief of Neurology at 5th General Hospital, Bad Cannstatt, Germany. Dr. Jones was Board certified in neurology, clinical neurophysiology, and neuromuscular medicine. Upon completion of his training he joined the Lahey Clinic in 1972. In 1977 he also joined the neurology department at Boston Children's Hospital, founding the electromyography laboratory in 1979. Pediatric EMG became his major clinical research interest. Dr. Jones was co-editor of three major textbooks on childhood clinical neurophysiology and neuromuscular disorders. He was a co-founder of the biennial International Paediatric EMG Conference based at Great Ormond Street Children's Hospital, London, England. Recognized as one of the top neurologists in the U.S., Dr. Jones was an author and editor of several Netter publications including two editions of Netter's Neurology, The Netter Collection of Medical Illustrations: Nervous System, Volume 7, Part I (Brain) and Part II (Spinal Cord and Peripheral Motor and Sensory Systems), 2nd Editions (volumes in the Netter Green Book Collection). Dr. Jones authored and edited several other Netter publications and contributed over 200 peer-reviewed papers and book chapters. Dr. Jones served 8 years as a director of the American Board of Psychiatry and Neurology, becoming Chair of its Neurology Council in 2004. In 2007 he received the Distinguished Physician Award from the American Association of Neuromuscular and Electrodiagnostic Medicine. Lahey Clinic's Medical Staff Association recognized Dr. Jones in 2010 with its highest honor-the Frank Lahey Award for "commitment to the values of Dr. Frank Lahey: respect, teamwork, excellence, commitment to personal best." Dr. Jones was named Outstanding Teacher in Pediatric Neurology 2012 - 2013 by the Department of Neurology, Boston Children's Hospital, Harvard Medical School. He also received an award in recognition of his many years of dedicated teaching at Tufts University School of Medicine.
