True and False Reform in the Church By Yves Congar

Archbishop Angelo Roncali (later Pope John XXIII) read *True and False Reform* during his years as papal nuncio in France and asked, "A reform of the church 'is such a thing really possible?'" A decade later as pope, he opened the Second Vatican Council by describing its goals in terms that reflected Congar's description of authentic reform: reform that penetrates to the heart of doctrine as a message of salvation for the whole of humanity, that retrieves the meaning of prophecy in a living church, and that is deeply rooted in history rather than superficially related to the apostolic tradition. Pope John called the council not to reform heresy or to denounce errors but to update the church's capacity to explain itself to the world and to revitalize ecclesial life in all its unique local manifestations. Congar's masterpiece fills in the blanks of what we have been missing in our reception of the council and its call to "true reform."

Yves Congar, OP, a French Dominican who died in 1995, was the most important ecclesiologist in modern times. His writings and his active participation in Vatican II had an immense influence upon the council documents. With a few other contemporaries, Congar pioneered a new style of theological research and writing that linked the great tradition of Scripture and the Fathers to contemporary pastoral questions with lucidity and passion. His key concerns were the unity of the church, lay apostolic life, and a revival of the church's theology of the Holy Spirit. He was named a cardinal by Pope John Paul II in recognition of his profound contributions to the Second Vatican Council.

*Pal Philibert, OP, has taught pastoral theology in the United States and abroad. He is a Dominican friar of the Southern Province. His translation of a collection of Congar's essays on the liturgy has recently been published by Liturgical Press under the title *At the Heart of Christian Worship*. His book *The Priesthood of the Faithful: Key to a living Church* (Liturgical Press, 2005) reflects the ecclesiology of Yves Congar and his vision of the apostolic life of the faithful.*

Editorial Review

Review

Next to its value for actual pastoral theology and practice, this translation is noteworthy for making available to an English-speaking audience a work of Congar that is crucial in understanding not only his ecclesiology, but also his perspective on ecumenism and Tradition.

Ephemerides Theologicae Lovanienses

True and False Reform in the Church is one of the most important books in the history of theology in the twentieth century. Fifty years after the opening of Vatican II, the publication of this translation is not just an act of remembrance, but of hope.

Massimo Faggioli, University of Saint Thomas, Author of True Reform

True and False Reform in the Church should be read by all pastors and thinking Christians. It is rightly ranked among the most important theological works of the twentieth century whose renewing power is now happily re-issued for a contemporary readership.

Patrick Hayes, PhD, Redemptorist Archives of the Baltimore Province, CatholicBooksReview.org

The book is an object lesson of how the theology of reform ought to be done, rather than a set of ready-made theological answers. And because it is on a subject that needs very much to be theologized about today – and on which there are few if any comparable classics – it needs to be read... If we could get contemporary theologians who have gone cool on Vatican II – or at least have begun to be choosy about what they learn from it – to read Congar on reform in the Church we might be able to have a more productive dialogue with them, and a dialogue that would give Vatican II its due weight. Both of us would have to be prepared to situate the Council within the fullness of the apostolic tradition and to let that understanding dictate how the reforms begun at the council need to be continued in the world of today.

Liam G. Walsh, OP, Doctrine and Life

What a delight to have this readable translation of Congar's classic work on reform of the Church's life, worship, and mission! Originally published in 1950, the book must today be given an important role in any satisfactory account of the movements that prepared and then affected the Second Vatican Council.

Jared Wicks, SJ, The Living Church

The large themes that Congar took up decades ago remain relevant. Theologians, clergy and parish study groups will benefit from a careful reading of True and False Reform.... If it revitalises among anglophone Catholics a prophetic stewardship of the Church's tradition and development, the Englishing of Congar's thought will make an important contribution to the life of the Church.

The Tablet

A pioneering masterpiece which set the stage for reform in the Catholic church.

Congar's True and False Reform in the Church, although now six decades old, is perhaps even more relevant for the life of the church today than it was when he first penned it. This volume reflects the singular virtues of Congar, his fidelity to the Great Tradition, his generous ecumenical spirit, and his commitment to authentic ecclesial reform as a manifestation of the work of the Holy Spirit. This elegant yet precise translation by Paul Philibert makes widely accessible what is, perhaps, Congar's most important work.

Richard R. Gaillardetz, PhD

Murray/Bacik Professor of Catholic Studies

The University of Toledo

About the Author

Yves Congar, OP, who died in 1995, was a French Dominican widely recognized as one of the most important Roman Catholic theologians of the twentieth century and a major influence upon the theology of the documents of Vatican II. Congar drew from biblical, patristic, and medieval sources to revitalize the discipline of contemporary theology. He was an early advocate of ecumenism and also contributed to shaping the theological agenda of the twentieth-century liturgical movement. He was named a cardinal in 1994 by Pope John Paul II. Liturgical Press has also recently published *At the Heart of Christian Worship: Liturgical Essays of Yves Congar* and Congar's classic work *True and False Reform in the Church*.

Paul Philibert, OP, has taught pastoral theology in the United States and abroad. He is a Dominican friar of the Southern Province. His translation of a collection of Congar's essays on the liturgy has been published by Liturgical Press under the title *At the Heart of Christian Worship*. His book *The Priesthood of the Faithful: Key to a Living Church* (Liturgical Press, 2005) reflects the ecclesiology of Yves Congar and his vision of the apostolic life of the faithful.

Users Review

From reader reviews:

Ann Morgan:

The knowledge that you get from *True and False Reform in the Church* could be the more deep you excavating the information that hide in the words the more you get serious about reading it. It does not mean that this book is hard to recognise but *True and False Reform in the Church* giving you buzz feeling of reading. The author conveys their point in selected way that can be understood by simply anyone who read the item because the author of this reserve is well-known enough. This book also makes your current vocabulary increase well. So it is easy to understand then can go along, both in printed or e-book style are available. We advise you for having this *True and False Reform in the Church* instantly.

Nathan Osborne:

Playing with family within a park, coming to see the sea world or hanging out with friends is thing that usually you will have done when you have spare time, in that case why you don't try point that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love *True and False Reform in*

the Church, you can enjoy both. It is excellent combination right, you still want to miss it? What kind of hang-out type is it? Oh can happen its mind hangout folks. What? Still don't understand it, oh come on its identified as reading friends.
