**American Assassin: A Thriller (A Mitch Rapp Novel)** By Vince Flynn

#1 *New York Times* bestselling author Vince Flynn introduces the young Mitch Rapp, as he takes on his first covert assignment—soon to be a major motion picture.

Mitch Rapp was a gifted college athlete without a care in the world...and then tragedy struck. Terrorists attacked innocent American citizens, and Rapp's girlfriend was among the murdered. Two hundred and seventy souls perished on that cold December night, and thousands of family and friends were left searching for comfort. Mitch Rapp was one of them, but he was not interested in comfort. Now he wants retribution.

Two decades of cutthroat partisan politics have left the CIA and the country in an increasingly vulnerable position. Cold War veteran CIA Operations Director Thomas Stansfield knows he must prepare his people for the next war. America must confront Islamic terrorism with full force. Stansfield directs his protégée, Irene Kennedy, and his old Cold War colleague, Stan Hurley, to form a new group of clandestine operatives who will work outside the normal chain of command—men who do not exist.

What type of man is willing to kill for his country without putting on a uniform? Six months of intense training have prepared him to take the war to the enemy's doorstep, and he does so with brutal efficiency. Rapp starts in Istanbul, where he assassinates the Turkish arms dealer who sold the explosives used in the terrorist attack. Rapp then moves on to Hamburg with his team and across Europe, leaving a trail of bodies. All roads lead to Beirut, though, and what Rapp doesn't know is that the enemy is aware of his existence and has prepared a trap. The hunter is about to become the hunted, and Rapp will need every ounce of skill and cunning if he is to survive the war-ravaged city and its various terrorist factions.

Behind the steely gaze of the nation's ultimate hero is a young man primed to become an American assassin.

### Editorial Review

From Publishers Weekly

With this 11th Mitch Rapp adventure, Flynn does something a little different. Taking a step back in time, he tells the story of how Rapp initially came to work for the CIA. As a young man, Rapp lost his fiancée in the terrorist bombing of Pan Am flight 103. Grief-stricken, he swears revenge on the terrorists. He's quickly recruited by the CIA and soon makes his first kill and is on his way to his first clandestine mission. George Guidall has a keen ear for dialogue, and his relaxed reading keeps Flynn's sometimes overheated prose and over-the-top plot grounded in a realm of believability. Still, he is more than capable of pulling out the stops when the action kicks in, keeping listeners on the edge of their seats once the bullets begin to fly. Flynn delivers his usual high-octane international thriller, but, in giving Rapp's backstory, he's infused it with more depth and heart than usual, and Guidall matches him beat for beat, proving himself a fine choice of storyteller. An Atria hardcover. (Oct.)
